Norwegian Farm Map Request

The Norwegian topographic maps are the most detailed map series for Norway. A total of 727 maps covering all of Norway show the location of individual farms and churches and each quadrangle is on the scale of 1:50,000.

Please remember that it may take more than one map to complete your request if you have multiple farms in the same area. A researcher will contact you to let you know exactly how many maps it will take to fill your order.

For each farm, please fill out the following:

Farm Name:

Fylke (pre-2020 county name):

Parish Name:
