

Norwegian Farm Map Request

The Norwegian topographic maps are the most detailed map series for Norway. The brand new series consists of 195 maps. Each map covers an area of 47×64 kilometers, and there is a 2 kilometer overlap between map sheet and is on the scale of 1:50,000.

Please remember that it may take more than one map to complete your request if you have multiple farms in the same area. A researcher will contact you to let you know exactly how many maps it will take to fill your order.

For each farm, please fill out the following:

Farm Name:

Fylke (pre-2020 county name):

Parish Name:
